CEO's Letter

In many ways, Greece needs little introduction. The cradle of western civilization, a land of myths and legends, a seascape of multiple shades of blue and white, a land blessed with sunshine and the warm hospitality of its people. It's my privilege to welcome you to our country.

Lovers of philosophy, of language and human virtue, we Greeks march to the beat of an age-old cultural code. We have a special word for hospitality, 'philoxenia,' meaning 'love for the stranger (visitor)'. For us, it is more than simply travel. It is a foundation, a way of living, a passion for engaging and embracing people into the historical heart of the modern world.

From the peaks of Mount Olympus to the shores and picturesque villages of the Peloponnese, from the smaller and bigger islands of the Aegean and Ionian Seas to the moonlit marbles of the Parthenon, Greece stands out for its diversity of landscapes, its history and culture, its flavors and experiences.

Greece has always been a crossroads between East and West. It is more than the land of eternal summertime. It is the land of history, of poets, of performers and thinkers. In its cosmopolitan cities, the pulse of contemporary culture beats strong. In its whitewashed villages, the slow pace of island life hums in harmony with the landscape. To truly discover Greece is to discover that all-year round, it is an extraordinary place to explore.

At Siva Travel, we are proud to provide pathways into the Greek experience. A family, a community, a network of travelers, we are here to guide you down paths less trodden, off the beaten track and into the vibrant soul of Greece.

The choice is yours and our journey starts now. It is an honor for me to make you part of our story.

Welcome.

Miltos Spyromilios, CEO

We all write history; every moment is a moment in the past, a piece of the puzzle we are creating for the future.

“

What a fabulous day!! We saw so much and its detail was explained in such easy-to-understand terms that the past truly came to life. We had the best guide ever!! She knew so much. This is a must for the realization of the past we have read about but never seenAC! The personalization of a private tour made this experience even more meaningful. Totally recommend Siva.

Greece

Greece is a cultural and historical icon, the birthplace of democracy and the land that gave us philosophy and art. But there is so much more to discover than what hides in the pages of books. Greece is a country full of treasures to be unveiled at every turn, experiences that will live within you forever and picture-perfect memories that will never fade.

Lush, green, and full of life, Greece is the perfect destination no matter the time of year. Colors change with seasons; tall mountains appear to reach the clouds and stunning shores invite you to enjoy them. The natural beauty of the landscapes creates an alluring combination that beckons visitors.

Friendly, hospitable, and welcoming, the locals add to this amazing destination with the unique warmth that is so characteristic of Greeks. Don't be surprised if they stop you on the street and invite you in for treat!

”

The birthplace of the Olympic games is still home to some of the most famous ancient sites in the world. You can walk, hike or bike among the ruins of ancient civilizations in Delphi, Mycenae and Olympia, explore medieval castles, Byzantine churches and abandoned monasteries. Strolling through the ancient temples of the Acropolis and the islands you will meet the lands that gave birth to legends and mythological gods, becoming one with a vast cultural heritage that never fails to move visitors.

It is said that we are descendants of Ancient Greece. Perhaps the wind's whisper is your roots calling you home.
